**An invitation to support CNSA and Ontario’s future nurses**

**We invite you to be a part of CNSA’s 2011 Ontario Regional Conference.**

**The event will be an excellent opportunity to interact with motivated students from nursing faculties across Ontario.**

**The purpose of this year’s conference is to highlight the potential and capacity of our future nurses. Our intention is to inspire and motivate Ontario’s nursing students to strive for excellence, pursue their passion and contribute to the field of nursing - through policy, research, education and clinical practice.**

**A Career Fair will be included in the program, providing a unique opportunity to socialize with prospective candidates and future nurse leaders.**

**We look forward to seeing you in Toronto.**

**Bridget Doan & Michelle Jones, Sponsorship Co-Chairs**  
ontario.conference@utoronto.ca (ATTN: Sponsorship)

## **About the Canadian Nursing Students' Association**

**The Canadian Nursing Students' Association (CNSA) is the national voice of Canadian nursing students. Our goal is to increase the legal, ethical, professional, and educational aspects which are an integral part of nursing. CNSA is actively dedicated to the positive promotion of nurses and the nursing profession as a whole.**

For over 40 years, CNSA has represented the interests of nursing students to federal, provincial, and international governments and to other nursing and health care organizations.

The CNSA, with nearly 25,000 members, is an affiliate member of the Canadian Nurses Association (CNA) and Practical Nurses Canada, as well as an associate member of the Canadian Federation of Nurses Unions (CFNU). The CNSA has a reciprocal relationship with Canadian Association of Schools of Nursing (CASN) and is a co-chair of the New Health Professionals Network (NHPN).

### **CNSA is guided by the following underlying principles and objectives:**

1. Provide a communication link among nursing students across Canada, recognizing the specific language needs of our bilingual country.
2. Act as the official voice of nursing students.
3. Provide a medium through which members can express their opinions on nursing issues.
4. Encourage participation in professional and liberal education.
5. Provide a liaison with other organizations concerned with nursing.
6. Increase the awareness of both the existence of and the need for nursing research.

These objectives provide guidance to CNSA yet are flexible enough to allow the Association to respond to current issues and events.

In addition to this, there is a vision for the association which includes the concepts/goals of Professionalism, Leadership, Visibility, Education and Advocacy. Activities of the Association have a relationship in some way to either the objectives of the Association or its vision. This allows for a wide variety of activities within CNSA.

# CNSA 2011 Ontario Regional Conference

## Caring to lead, leading to care... How will *you* be at the heart of nursing leadership?

The Canadian Nursing Students' Association (CNSA) 2011 Ontario Regional Conference will be held in Ontario's capital city. Hundreds of nursing students from across Ontario are expected to assemble in Toronto. Here they will have the opportunity to explore their chosen profession, and to network with fellow students as well as potential employers.

The theme of this year's conference is Leadership in Nursing. As such, the program is designed to help students realize their potential and capacity for leadership as a health care professional.

Students will have an opportunity to hear from some of the fields' most influential leaders including keynote speaker and Toronto's ***Sick Kids* CEO, Mary Jo Haddad**. Informative workshops and hospital tours will give students a first-hand glimpse into both the realities and significance of the nursing role.

Those who participate will learn their capacity to facilitate positive change; to influence the lives of patients and society at large through policy, administration, research and clinical practice.

It is our goal to inspire; to motivate; to challenge future nurses to pursue higher goals. At CNSA's 2011 Ontario Regional Conference, students will get a taste of what the future could hold.

## Why Support CNSA's 2011 Ontario Regional Conference?

### Recognition & Recruitment

The CNSA Ontario Regional Conference in Toronto is expected to attract up to 400 registered nursing students and practical nursing students from across Ontario. This means our sponsors will have an unparalleled opportunity to network with some of the provinces' most eager nursing students right here in Ontario.

Your contributions will make your organization stand out as a leader in the field and will leave a strong impression in the minds of future nursing graduates.

As a Career Fair Exhibitor, your organization representatives will have an opportunity to attract these potential candidates.

### Community Impact

CNSA makes a significant effort to give back to our local communities. This year, we invite you to join us.

By tradition, CNSA selects a local charity to support each year. Annual conferences are designed to increase the profile of the selected charity and attract financial support. In addition to the programmed *Charity Auction* (October 22<sup>nd</sup>), **a percentage of all funds raised for the 2011 CNSA Ontario Regional Conference will be donated to said charity.** Thus, potential sponsors are given an opportunity to make a difference at a community level and will be recognized for this contribution.

**This year, CNSA has chosen to support *Ronald McDonald House Toronto.***

By supporting ***Ronald McDonald House Toronto***, your organization will have a positive impact on our community. Please continue reading to find out why.

## Ronald McDonald House Toronto

**Ronald McDonald House Toronto (RMH Toronto)** is more than simply a roof over the heads of families with seriously ill children. It's a place for families to heal better together; where the simple things can put joy and normalcy back into the lives of families in crisis. It's a place where the most ordinary, everyday things can make a large impact in the way seriously ill children and their families heal. Where having the simple ability to boil an egg in the morning can make families see the sunnier side of life; and where crisp bed sheets, squishy finger paints, and even freshly sharpened pencils can bring a real sense of calm to those who are a long way from home.

Every year, hundreds of desperate families from all over the country head to Toronto in search of life-saving treatment for their seriously ill children. Finding themselves in a strange city and in a vulnerable state, these folks long for simple creature comforts. More than anything, they seek a safe and affordable place where their family can stay together under one roof.

For over a quarter of a century, RMH Toronto has opened its doors and arms to overwhelmed families who need to keep the spirit of hope alive to make a difficult ordeal slightly more bearable.

RMH Toronto provides a "home away from home" for seriously ill children and their families to heal better together during the most frightening time in their lives.

## **Career Fair: Exhibiting Opportunities**

### **CNSA's 2011 Ontario Regional Conference: a smart exhibiting choice!**

The objective of the 2011 CNSA Ontario Regional Conference is to demonstrate the endless opportunities in nursing and inspire future graduates to become trailblazers in the field.

In keeping with this year's theme of Leadership in Nursing, we are pleased to extend an invitation to those organizations interested in helping us achieve our goal.

**“Nursing is not just about being at the bedside anymore, and our career fair will reflect this change. Whether it is traditional bedside nursing, public health, international nursing, the Canadian forces, or even health care consulting, we want to expose the students to as many of the opportunities as possible and reinforce that nurses and nursing are not confined nor limited to the traditional bedside role that has persisted throughout history. Instead, this career fair will expose the vast array of new and evolving opportunities for nurses today.”**
